University of Sheffield | Higher Education Achievement Report.

This Higher Education Achievement Report incorporates the model developed by the European Commission, Council of Europe and UNESCO/CEPES for the Diploma Supplement. The purpose of the Supplement is to provide sufficient recognition of qualifications (diplomas, degrees, certificates etc). It is designed to provide a description of the nature, level, context and status of the studies that were pursued and successfully completed by the individual named on the original qualifications to which this Supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

HEARs produced in a digital format are only considered valid and verified when accessed via https://www.gradintel.com.

In hard copy format the HEAR is only valid when printed in black ink on paper watermarked with the crest of the Unversity and carries the official University stamp.

1. Information identifying the holder of the qualification

1.1	**Family name(s):**	Kho
1.2	**Given name(s):**	Zhe Wei
1.3	**Date of birth (day/month/year):**	31 May 2004
1.4	**Student identification number or code:**	University of Sheffield Registration number: 220160144 HUSID*: 22100071570072293

HUSID (HESA Unique Student Identifier) is the unique national identifying number for students registered at a UK university. It is defined by HESA, the UK's Higher Education Statistics Agency.

2. Information identifying the qualification

2.1	**Name of qualification and (if applicable) title conferred:**	**Bachelor of Engineering (BENG)** The power to award degrees is regulated by law in the UK.
2.2	**Main field(s) of study for the qualification:**	**Mechanical Engineering**
2.3	**Name and status of awarding institution(s):**	The University of Sheffield, a university established by Royal Charter in 1905, and a recognised body for the award of undergraduate and postgraduate degrees.
2.4	**Name and status of institution(s) (if different from 2.3) administering studies:**	As awarding institution
2.5	**Language(s) of instruction/examination:**	Teaching and assessment at the University of Sheffield is in English, except for programmes of study involving language studies, where some teaching and assessment is in the relevant language/s.

3. Information on the level of the qualification

3.1 Level of qualification: Undergraduate programme assigned to level 6 (Bologna FQ-EHEA 1st cycle qualification) in the Framework for Higher Education Qualifications (see section 8 for further details on UK Higher Education System).

3.2 Official length of programme: Three Years

3.3 Access requirement(s):

Information regarding admission to the programme is available in the University Online Prospectus at https://www.sheffield.ac.uk/undergraduate.

4. Information on the contents and results gained

4.1 Mode of study: Full Time

4.2 Programme requirements:

All University of Sheffield programmes are designed to inspire, challenge, and nurture curiosity, developing lifelong learners who are enabled to fulfil their potential as global citizens. Students are encouraged to take ownership of their learning, take part in the processes and methods of authentic research, and solve problems and co-produce new knowledge creatively and ethically as part of a diverse and collaborative community, alongside their peers, academics and external partners. In doing so, Sheffield graduates will have been given the opportunity to develop critical thinking and adaptive communication skills, underpinned by reflective self-awareness, and a respectful appreciation of diversity and the multiplicity of perspectives and contexts at play in the wider world.

This programme is accredited/recognised by one or more professional body. See Section 5.2 for full details.

A Bachelor's degree with Honours is normally obtained after three years' full-time study or part-time equivalent (or four years' full-time study in the case of languages degrees). 360 credits are required as a minimum (180 in the European Credit Transfer System) at Levels 4, 5 and 6 of the Framework for Higher Education Qualifications in England, Wales and Northern Ireland (FHEQ). At least 200 credits must be achieved at FHEQ Levels 5 and 6, of which a minimum of 90 credits must be at FHEQ Level 6.

4.3 Programme details, and the individual grades/marks/credits obtained:

Academic Year: 2022-23 **Programme of Study:** BENG BEng/Mechanical Engineering
Programme Regulations: https://www.sheffield.ac.uk/programmeregulationsfinder/ppio/782329

Unit	FHEQ Level	Semester	Credits	ECTS	Title	1st Sitting Grade	1st Sitting Result	2nd Sitting Grade	2nd Sitting Result	3rd Sitting Grade	3rd Sitting Result
MAS152	4	ACAD YR	20	10.0	Essential Mathematical Skills & Techniques	77	P				
FCE1001	4	AUT SEM	0	0.0	Global Engineering Challenge Week		P				
MEC11002	4	AUT SEM	25	12.5	Autumn Integrative Project	82	P				
MEC11003	4	AUT SEM	20	10.0	Fundamental Engineering Science: Part 1	78	P

Notes

Dissertation/Project Title: (module MEC315) Effect of geometry on apparent stiffness of triply periodic minimal surface porous scaffolds for orthopaedic implants - supervisor: Dr Vee San Cheong

4.4 Grading scheme and, if available, grade distribution guidance:

Unit Grade (100 point scale)		Unit Result		Degree Classification		Award Outcome (Unclassified Degrees)*
70-100	Work of a Class 1 standard	DE	Deferred Result	1	Class One Honours	Successful Completion with Distinction
60-69	Work of a Class 2.1 standard	EX	Exempt	2.1	Class Two Division One Honours	Successful Completion with Merit
50-59	Work of a Class 2.2 standard	F	Fail	2.2	Class Two Division Two Honours	Successful Completion with Commendation
45-49	Work of a Class 3 standard (or Fail for Units at FHEQ Level 7)	MD	Module (Unit) Dropped	3	Class Three Honours	Successful Completion
40-44	Work of a Pass standard	NA	Not Assessed	H	Honours Degree (unclassified)	* Not all unclassified degree programmes use all the above outcomes.
0-39	Fail	NC	Not Completed	P	Pass Degree (i.e. without Honours)	
		P	Pass	AG	Aegrotat Degree	

Information about degree classification methodologies used at the University of Sheffield, including explanations of grades, result codes and other transcript terminology can be found at https://www.sheffield.ac.uk/certificates-verification/transcripts/definitions.

4.5 Overall classification of the qualification: Class One Honours

5. Information on the function of the qualification

5.1 Access to further study:

The attainment of an undergraduate degree may entitle access to further studies at postgraduate level (Bologna FQ-EHEA 2nd cycle/Level 7 qualifications or equivalent) and/or professional career opportunities.

5.2 Professional status (if applicable):

The BEng (Hons) in Mechanical Engineering partially meets the academic requirements for registration as a Chartered Engineer (CEng) and membership of the Institute of Mechanical Engineers (IMechE). Additional study will be required to fully meet the academic requirements for CEng status.

6. Additional information

6.1 Additional Information:

This section provides details of extra-curricular student awards, prizes and activities that represent achievement, and can be verified by the University of Sheffield. All of these support the attainment of the 'Sheffield Graduate', a framework for developing well-rounded individuals who have the knowledge, skills and experience to fulfil their potential as global citizens. Students may also have undertaken additional activities which have contributed significantly to their personal/professional development, but which the University or its Students' Union is not able to verify. Students are encouraged to record these in other documentation.

University, professional and departmental prizes:

2022-23
Edgar Baildon Prize in Mechanical Engineering
This prize is awarded once annually in memory of a former member of departmental staff, to the first-year undergraduate student in the Department of Mechanical Engineering who shows the greatest distinction and promise. Particular emphasis is placed on the standard of written laboratory reports. The prize winner receives a selection of books of his/her choice, up to a certain value and subject to the approval of the Head of Department. On occasion, the prize may be shared between more than one student.

6.2 Further information sources:

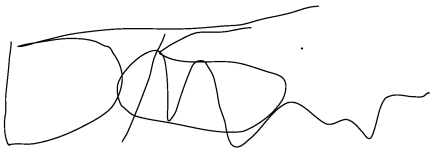
Further information about University of Sheffield may be found at https://www.sheffield.ac.uk.

7. Certification of the HEAR

7.1 Date Awarded: 30 June 2025

Date of Issue: 18 July 2025

7.4 Official Stamp and Seal:



7.2 Signature: Mr David Swinn

7.3 Capacity: Interim University Secretary

The University of Sheffield

8. Information on the National Higher Education System

A description and diagram for the Higher Education System in England, Scotland, Wales and Northern Ireland can be found at: https://www.qaa.ac.uk/AssuringStandardsAndQuality/Documents/NationalDescriptionEWNI.pdf
